# The Nurtured Heart Approach®

## Facilitated by the Nebraska Foster & Adoptive Parent Association

The Nurtured Heart Approach® is a set of core methodologies originally developed for working with the most difficult children. It has become a powerful way of bringing inner wealth to all children while facilitating parenting and classroom success. It has a proven, transformative impact on every child, including those with behavioral diagnosis such as ADHD, Autism, Asperger's Syndrome, Oppositional Defiant Disorder, and Reactive Attachment Disorder – almost always without the need for medications or long-term treatment.

The approach is simple and accessible. Kim hopes to show you how utterly easy it is to not only improve your situation with an challenging or difficult child, but to transform the child through the awareness that their intensity is actually the source of their greatness.

Traditional approaches often fall short of promoting the inner strength essential for children to build successful relationships. This method has helped thousands of families, educators, and child advocates channel a child's intensity in beautifully creative and constructive ways. Parents and teachers quickly succeed in helping children achieve wonderful new levels of competency in an enduring way.

### Core Methodologies: The Three Stands

- Neutralize Negative Behavior
- Energize Positive Behavior in Meaningful Ways
- Demonstrate Fair and Consistent Boundaries

### Benefits of Nurtured Heart Approach®

- Understand the unique dynamics of the challenging child
- Shift a child toward using his/her intensity in successful ways
- Create a deeper sense of success & inner wealth for the child

### Workshop Speaker

Mr. Kim Combes, M.Ed., has been in the human service field since 1980. He

has been a residential treatment counselor/therapist, an educational aide, a DHS social worker, an in-home worker and foster/adoptive parent. Kim has fostered over 35 teen boys since 1994. He is currently a national presenter from Colo, IA, having spoken at numerous conferences across the U.S. He and wife, Diane, have adopted five special needs children, with the youngest still at home. Kim is a published freelance writer and is currently working on his first book project hoping to be published within the next year.
